**Subject:** Expensive cleanup is bad for jobs

I want to make sure the federal government doesn't send a big bill to business and households for the river cleanup.

Taking care of our environment is important. We can all agree to that. A clean river is good for all Oregonians. But please remember that jobs are good for Oregonians, too. We need a flexible cleanup that respects the role the harbor plays in our economy.

Please consider all the facts and support a plan that protects the environment AND local jobs.

Sincerely,

(b) (6)
